DETAILED ACTION

Acknowledgment

1. The amendment filed on 10/19/2006 has been entered.

Allowable Subject Matter

2. Claims 1-5, 7-11 and 13-14 are allowed.
3. The following is an examiner's statement of reasons for allowance.

The prior art does not teach the raising chair as recited in claims 1 and 14, which include a raising frame providing with a seat, a back rest, a foot rest, and a knee restraint. The seat being pivotable in relation to the foot rest. The raising chair also includes means to move the knee restraint forward when a raising motion of the raising frame takes place and a lifting device for adjusting a height level of the raising frame both in a sitting and in a standing position, wherein the lifting device extends from a front region of the wheel frame to a front region of the raising frame and is of such a construction that on a lifting operation the raising frame is moved both upward and forward. The lifting operation elevating the foot rest in relation to the wheel frame. This recitation, in combination with the rest of the recited elements, clearly defines over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
